March 24, 2020

Dear parishioners of St. Mary,

I am sorry for the delay in contacting you earlier. I was awaiting the recommendations of our Bishop in how things will proceed before making any plans or promises. Besides the updates that are posted on our website I am making plans to provide live streaming of Masses and Stations during Holy Week. Because of the new sound system in our church, I wanted to purchase technology that was compatible and would provide for celebrations that are conducive for true worship. In the meantime I want you all to know that your prayers are powerful, so keep praying for an end to this pandemic.

Also take comfort in knowing that we have a powerful patroness, the Virgin Mary, "that never was it known that anyone who fled to her protection, implored her help, or sought her intercession, was left unaided"!

On behalf of Fr Dominic and our Deacons we hope that you remain safe. Be assured of our prayers and we hope to see you soon!

Yours in Christ,

Fr Paul
